

### 1. Collar

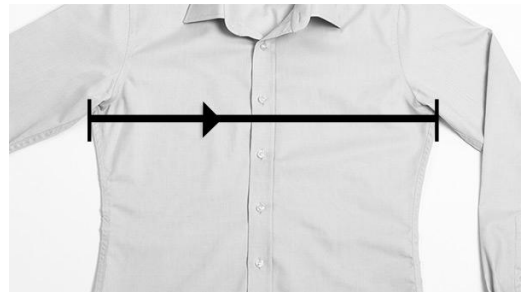

The collar measurement is taken from the outer edge of the button hole to the center of the button.

---

### 2. Chest

The chest measurement is taken across the shirt at the bottom of the sleeve seams. Note that this is NOT a circumference measurement.

---

### 3. Waist

The waist measurement is taken across the shirt at the narrowest part of the waist. Note that this is NOT a circumference measurement.

---

### 4. Bottom

The bottom width measurement is taken across the shirt at the end of the side seams. Note that this is NOT a circumference measurement.

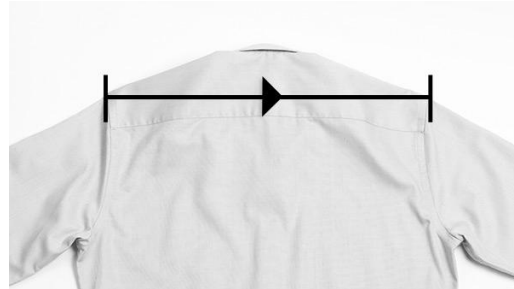

### 5. Shirt length

The shirt length measurement is taken from a point straight out from the center of the neck opening down to where your shirt ends.

### 6. Shoulder width

The shoulder width measurement is taken at the top of the shirt from one sleeve seam to the other.

### 7. Long sleeve - upper length

The upper length measurement is taken from the top of the shoulder where the sleeve meets the body to the end of the cuff.

### 8. Long sleeve - lower length

The lower length measurement is taken from the armpit seam to the end of the cuff.
